Step 5: Check if the shopping list is available in the PDP and Cart pages to add items to it. After navigating to the PDP page, click on Add to shopping list option on the PDP page.

Step 6: This provides an option for the user to either create a new shopping list or add items to an existing shopping list. Select the option to add items from the existing shopping list.

Step 7: This should bring the newly created shopping list to add item to the existing shopping list. Once the item is added and a successful message is displayed. Navigate to the shopping list and check if the added item is visible in the shopping list.
